To Whom It May Concern:

Under the provisions of the Freedom of Information Act, I am requesting access to the following:

(All documents related to the Department of Energy's role in creation of the National Energy Policy, released by the Bush Administration in May 2001.)

This request includes, but is not limited to, records and transcripts of meetings, lists of attendees, notes taken, and documents submitted to and prepared by the National Energy Policy Development Group. This request includes, but is not limited to, electronic mail, information, records, memorandums, documents, or other communication whether written or otherwise recorded. I am interested as well in any communication between the Department of Energy, and any officials there within, and private energy companies, including, but not limited to, Enron, BP Amoco, Exelon, ExxonMobil, El Paso, Chevron, Reliant Energy, Sunoco, Edison Electric Institute, and Dominion Power. Any communication to or from these companies and any similar, is requested.

Whereby any such information is claimed as protection from public disclosure due to the ongoing nature of the litigation, or for reasons of privacy, I request justification of withheld documents by reference to specific exemptions of the Act. As you know, FOIA provides that if portions of a document are exempt from release, the remainder must be segregated and disclosed.

This is an ongoing request for information. I expect to be provided further public documents as they arise. If you have any questions, you can reach me at (202) 457-4385.

Sincerely,

(Rob Hendin)

A search was conducted of the files of the Office of the Executive Secretariat, the Office of Policy and International Affairs, and the Office of the Secretary, Deputy Secretary, Under Secretary, including the Office of Scheduling.

Please provide your response to this request by COB Thursday June 13, 2002. If you have any questions, please contact Ms. Jeter at (202) 586-5061.
